CONDITIONS OF SALE

The following Conditions of Sale and Terms of Guarantee are Sotheby's, Inc. and the Consignor's entire agreement with the purchaser relative to the property listed in this catalogue. The Conditions of Sale, Terms of Guarantee, the glossary, if any, and all other contents of this catalogue are subject to amendment by us by the posting of notices or by oral announcements made during the sale. The property will be offered by us as agent for the Consignor, unless the catalogue indicates otherwise. By participating in any sale, you acknowledge that you are bound by these terms and conditions.

1. Goods auctioned are often of some age. The authenticity of the Authorship of property listed in the catalogue is guaranteed as stated in the Terms of Guarantee and except for the Limited Warranty contained therein, all property is sold "AS IS" without any representations or warranties by us or the Consignor as to merchantability, fitness for a particular purpose, the correctness of the catalogue or other description of the physical condition, size, quality, rarity, importance, medium, provenance, exhibitions, literature or historical relevance of any property and no statement anywhere, whether oral or written, whether made in the catalogue, an advertisement, a bill of sale, a salesroom posting or announcement, or elsewhere, shall be deemed such a warranty, representation or assumption of liability. We and the Consignor make no representations and warranties, express or implied, as to whether the purchaser acquires any copyrights, including but not limited to, any reproduction rights in any property. We and the Consignor are not responsible for errors and omissions in the catalogue, glossary, or any supplemental material.

2. Prospective bidders should inspect the property before bidding to determine its condition, size, and whether or not it has been repaired or restored.

3. A buyer's premium will be added to the successful bid price and is payable by the purchaser as part of the total purchase price. The buyer's premium is 15% of the successful bid price up to and including \$50,000, and 10% on any amount in excess of \$50,000.

4. We reserve the right to withdraw any property before the sale and shall have no liability whatsoever for such withdrawal.

5. Unless otherwise announced by the auctioneer, all bids are per lot as numbered in the catalogue.

6. We reserve the right to reject any bid. The highest bidder acknowledged by the auctioneer will be the purchaser. In the event of any dispute between bidders, or in the event of doubt on our part as to the validity of any bid, the auctioneer will have the final discretion to determine the successful bidder, cancel the sale, or to reoffer and resell the article in dispute. If any dispute arises after the sale, our sale record is conclusive. Although in our discretion we will execute order or absentee bids or accept telephone bids as a convenience to clients who are not present at auctions, we are not responsible for any errors or omissions in connection therewith.

7. If the auctioneer decides that any opening bid is below the reserve of the article offered, he may reject the same and withdraw the article from sale, and if, having acknowledged an opening bid, he decides that any advance thereafter is insufficient, he may reject the advance.

8. Subject to fulfillment of all of the conditions set forth herein, on the fall of the auctioneer's hammer, title to the offered lot will pass to the highest bidder acknowledged by the auctioneer, and such bidder thereupon (a) assumes full risk and responsibility therefor, and (b) will immediately pay the full purchase price or such part as we may require. In addition to other remedies available to us by law, we reserve the right to impose from the date of sale a late charge of 1 ½% per month of the total purchase price if payment is not made in accordance with the conditions set forth herein. All property must be removed from our premises by the purchaser at his expense not later than 10 business days following its sale and, if it is not so removed, (i) a handling charge of 1% of the total purchase price per month from the tenth day after the sale until its removal will be payable to us by the purchaser, with a minimum of 5% of the total purchase price for any property not so removed within 60 days after the sale, and (ii)

we may send the purchased property to a public warehouse for the account, risk and expense of the purchaser.

If any applicable conditions herein are not complied with by the purchaser, the purchaser will be in default and in addition to any and all other remedies available to us and the Consignor by law, including without limitation the right to hold the purchaser liable for the total purchase price, including all fees, charges and expenses more fully set forth herein, we, at our option, may (x) cancel the sale of that, or any other lot or lots sold to the defaulting purchaser at the same or any other auction, retaining as liquidated damages all payments made by the purchaser, or (y) resell the purchased property, whether at public auction or by private sale, or (z) effect any combination thereof. In any case, the purchaser will be liable for any deficiency, any and all costs, handling charges, late charges, expenses of both sales, our commissions on both sales at our regular rates, legal fees and expenses, collection fees and incidental damages. We may, in our sole discretion, apply any proceeds of sale then due or thereafter becoming due to the purchaser from us or any affiliated company, or any payment made by the purchaser to us or any affiliated company, whether or not intended to reduce the purchaser's obligations with respect to the unpaid lot or lots, to the deficiency and any other amounts due to us or any affiliated companies. In addition, a defaulting purchaser will be deemed to have granted and assigned to us and our affiliated companies, a continuing security interest of first priority in any property or money of or owing to such purchaser in our possession or in the possession of any of our affiliated companies, and we may retain and apply such property or money as collateral security for the obligations due to us or to any affiliated company of ours. We shall have all of the rights accorded a secured party under the New York Uniform Commercial Code. Payment will not be deemed to have been made in full until we have collected good funds.

9. Lots marked with ☐ immediately preceding the lot number are offered subject to a reserve, which is the confidential minimum price acceptable to the Consignor. No reserve will exceed the low presale estimate stated in the catalogue, or as amended by oral or posted notices. We may implement such reserve by

opening the bidding on behalf of the Consignor and may bid up to the amount of the reserve, by placing successive or consecutive bids for a lot, or bids in response to other bidders. In instances where we have an interest in the lot other than our commission, we may bid up to the reserve to protect such interest. In certain instances, the Consignor may pay us less than the standard commission rate where a lot is “bought-in” to protect its reserve.

10. Unless exempted by law, the purchaser will be required to pay the combined New York State and local sales tax, any applicable compensating use tax of another state, and if applicable, any federal luxury or other tax, on the total

purchase price. The rate of such combined tax is 8¼% in New York City and ranges from 4% to 8½% elsewhere in New York.

11. These Conditions of Sale and Terms of Guarantee, as well as the purchaser’s and our respective rights and obligations hereunder, shall be governed by and construed and enforced in accordance with the laws of the State of New York. By bidding at an auction, whether present in person or by agent, order bid, telephone or other means, the purchaser shall be deemed to have consented to the exclusive jurisdiction of the state courts of, and the federal courts sitting in, the State of New York.

12. We are not responsible for the acts or omissions in our packing or shipping of purchased lots or of other carriers or packers of purchased lots, whether or not recommended by us. Packing and handling of purchased lots is at the entire risk of the purchaser. If we obtain on behalf of the purchaser an export license for an item containing an endangered species, there will be a charge of \$150 for each license obtained.

13. In no event will our liability to a purchaser exceed the purchase price actually paid.

TERMS OF GUARANTEE

Sotheby’s warrants the authenticity of Authorship of each lot contained in this catalogue on the terms and conditions set forth below.

1. Definition of Authorship. “Authorship” is defined as the creator, period, culture, source of origin, as the case may be, as set forth in the **BOLD TYPE HEADING** of a lot in this catalogue, as amended by any oral or written salesroom notices or announcements. If there is a “Glossary” of terms in this catalogue, please note that any such heading represents a qualified statement or opinion and is not subject to these Terms of Guarantee. Sotheby’s makes no warranties whatsoever, whether express or implied, with respect to any material in the catalogue, other than that appearing in **BOLD TYPE HEADING** and subject to the exclusions in 5 and 6 below.

2. Guarantee Coverage. Subject to the exclusions in 5 and 6 below, Sotheby’s warrants the Authorship (as defined above) of a lot for a period of five years from the date of sale of such lot and only to the original purchaser of record at the auction. If it is determined to Sotheby’s satisfaction that the **BOLD TYPE HEADING** is incorrect, the sale will be rescinded as set forth in 3 and 4 below, provided the lot is returned to

Sotheby’s at the original selling location in the same condition in which it was at the time of sale. It is Sotheby’s general policy to have the purchaser obtain, at the purchaser’s expense, the opinion of two recognized experts in the field, mutually acceptable to Sotheby’s and the purchaser, before Sotheby’s determines whether to rescind a sale under the above warranty. If the purchaser requests, Sotheby’s will provide the purchaser with the names of experts acceptable to it.

3. Non-Assignability. The benefits of this warranty are not assignable and shall be applicable only to the original purchaser of record and not to any subsequent owners (including, without limitation, heirs, successors, beneficiaries or assigns) who have, or may acquire, an interest in any purchased property.

4. Sole Remedy. It is specifically understood and agreed that the rescission of a sale and the refund of the original purchase price paid (the successful bid price, plus the buyer’s premium) is exclusive and in lieu of any other remedy which might otherwise be available as a matter of law, or in equity. Sotheby’s and the consignor shall not be liable for any incidental or consequential damages incurred or claimed.

5. Exclusions. This warranty does not apply to:

(i) Authorship of any paintings, drawings or sculpture created prior to 1870, unless the lot is determined to be a counterfeit (a modern forgery intended to deceive) which has a value at the date of the claim for rescission which is materially less than the purchase price paid for the lot; or (ii) any catalogue description where it was specifically mentioned that there is a conflict of specialist opinion on the Authorship of a lot; or (iii) Authorship which on the date of sale was in accordance with the then generally accepted opinion of scholars and specialists; or (iv) the identification of periods or dates of execution which may be proven inaccurate by means of scientific processes not generally accepted for use until after publication of the catalogue, or which were unreasonably expensive or impractical to use.

6. Limited Warranty. As stated in paragraph 1 of the Conditions of Sale, neither Sotheby’s nor the Consignor makes any express or implied representations or warranties whatsoever concerning any property in the catalogue, including without limitation, any warranty of merchantability or fitness for a particular purpose, except as specifically provided herein.

IMPORTANT NOTICES

All purchases are subject to New York State Sales Tax according to the provisions outlined in the Guide to Prospective Buyers. We urge prospective buyers to review all sales tax requirements and we encourage all New York and out of state dealers to register their tax certificates with the Purchaser Accounts Department before the auction.

All property in this sale is sold pursuant to the Conditions of Sale and Terms of Guarantee. Any statement of condition, whether oral or written, is a subjective, qualified statement of opinion. Prospective buyers should inspect each lot to satisfy themselves as to condition. Condition reports and photographic or xerographic copies may be available on request and within reason prior to the sale. The absence of any indication of condition does not imply that the lot is in good condition, nor is it a representation that the lot is free from repair. Sotheby's is not responsible for deterioration in condition following the sale. **Notwithstanding any condition reports or catalogue descriptions provided, all lots are offered and sold "AS IS" in accordance with paragraph 1 of the Conditions of Sale.**

PENNY ARCADE MEMORIES

In the days before radio or television, coin-operated arcade machines provided countless hours of entertainment. From local ice cream parlors and pool halls to the larger amusement parks, the young and old alike lined up for a chance to beat the machine or have their fortunes told. For only a penny or sometimes a nickel, each machine offered a special promise—"Electricity is Life," claimed the shock machines that promised to cure headaches and steady nerves; the Wizard of Fortune dispensed a picture of your future sweetheart; Cupid delivered love letters while others tested your strength or lung capacity. The less adventuresome could pay just to hear their favorite tunes. "The thrill was in the challenge of trying to beat the machine," explains Dr. James Smith, whose collection is offered here.

The first coin-operation devices dispensed holy water in Egypt more than 2,000 years ago, yet it wasn't until the 1880s that American entrepreneurs recognized both the profitability and the entertainment value of these devices. When an early machine designed as a bank with a race course came to be used for gambling, the form proliferated, and by the end of the 19th century coin-operated game machines could be found in nearly every town in America. Their popularity peaked before World War I; they flourished again during the Depression as people sought an inexpensive source of entertainment.

Dr. Smith has found memories of the coin-operated machines he played as a boy during the 1930s. "My father, however, did not approve of my all too frequent trips to the local pool hall," explains Dr. Smith. "He was a banker who tried to live a 'dignified' life." Dr. Smith also rode the trolley to the amusement park in Chester, West Virginia, spending most of his time in the arcade. "I especially liked the claw machine," he recalls. "You put a nickel in and tried to get a silver dollar—once you finally grabbed one in the crane claw, your heart would be in your mouth as you brought it up to the slot. If you jiggled your hand even the slightest bit, it would drop back down."

Popular throughout the country during the 1930s, the claw machine inadvertently led to the marriage of this writer's parents. My father remembers playing it one night with two of his friends—"We had blind dates that night and used the dice we had just won from the claw machine to decide who would walk one of our dates home—she lived two miles away. Well, we tossed the dice and I lost." Married five years later, my parents recently celebrated their 53rd wedding anniversary.

Dr. Smith's fascination with coin-operated machines was rekindled in 1962 after his wife Nancy gave him a table-top "trade stimulator" as a practical joke on his birthday. Soon the passion for these machines embraced the entire family. "My wife and I piled our five kids into the car and we set off on buying trips throughout the country." The Smiths' thirty-year collecting odyssey took them to antique shops, country auctions and even to the cellar of a tavern in an old mining town to buy these rapidly disappearing examples of Americana. By sharing the entire process of collecting with his children, Dr. Smith says "they got the bug." His son Jim even postponed his career. After graduating from college, he spent three years putting many of the machines in working order with the help of skilled mechanics.

As the collection outgrew their Connecticut home, the Smiths moved their one-of-a-kind collection to a charming 19th-century barn in Greenwich. Here, they have shared it with the public, either loaning pieces to institutions like the Bruce Museum, also located in Greenwich, or by hosting fairs and parties at the barn, where the guests were encouraged to play the machines with pennies and nickels provided by the Smiths.

Documenting America's popular amusements from the 1880s to the 1960s, the Smith Collection is the largest ever to come to sale. In addition, the quality and rarity of many of the individual works is unprecedented in the marketplace. The animated five-piece jazz band, *circa* 1935, and the roaring animated caged lion and tiger from the 1950s are so rare that nothing comparable has ever appeared at public auction. When the Smiths found the jazz band, the players had white faces and were dressed in clown suits. While restoring it, they discovered that it had originally been a black jazz band and today the players wear tuxedos. Other rare items include several lung testers, including the 1905 Mills "Hats Off" Lung Tester, one of only two known to exist. Lung testers were outlawed in 1917 because the common mouthpiece that was used to test your lung capacity was thought to spread tuberculosis. Many of these machines were either destroyed or converted to grip testers.

Dr. Smith, a prominent plastic and reconstructive surgeon in New York City and professor at the New York Hospital, Cornell University Medical Center, believes that it is "time now to share our collection with other people," and hopes that one day this relatively unknown aspect of Americana will become better known.

No doubt, the video arcades and amusement parks of today will continue to offer new challenges and new themes. Yet, there is still a charm to the antique coin-operated machines, as Dr. Smith recently observed on a trip to Rye Playland with his grandchildren. "They have a penny arcade with antique machines, and I watched people losing money right and left, probably just like I did so many years ago." No doubt this colorful aspect of Americana will continue to charm new generations who will want Cupid to deliver a love letter or will listen to melodies of the past on the Wurlitzer band organ.

Lynn Stowell Pearson

“HATS OFF” TO THE SMITH COLLECTION

My love for old game machines began in the 1940s when my family owned a 1937 Exhibit Track Meet pinball machine. Shortly after graduating from college, I began collecting and restoring cylinder phonographs in my spare time, and then in 1969 I opened an antique shop in Los Angeles, specializing in automatic music and coin-operated game machines. Seven years later I sold the business in order to concentrate on museum quality restorations of coin-operated machines, and it was at this time that I first met Dr. Smith. As the owner of one of only two known Mills “Hats Off” Lung Testers (lot 577), Dr. Smith sent me his machine to be restored. At the same time, I was restoring the other lung tester for another collector. Neither machine was complete, and Dr. Smith’s lung tester had been converted to a grip tester, yet between them all the missing parts were able to be duplicated except for the papier-maché farmer marquee located at the top of each machine. This was created from a mold I made after studying an illustration in the 1905 Mills catalogue.

Over the next eight years, Dr. Smith continued to ship machines to me for restoration. In 1984 he persuaded me to move from California to Greenwich, Connecticut, to work as curator/restorer and manager of his vast collection. Dr. Smith’s extensive library of original catalogues and advertising literature helped to ensure the accuracy of each restoration. My favorites are the 1902 Talking Gypsy Fortune Teller (lot 500), one of only two known to exist; the 1915 “I Speak Your Weight” Talking Scale (lot 209), which came to me unplayable and was repaired after determining that the record played backwards at 45 RPM; the 1905 Mills Balloon Lung Tester (lot 622); the 1905 Watling “Doctor Vibrator” (lot 702); the 1908 Caille Simplex Shocker (lot 383); and two 1905 Caille Hercules Grip Test Machines (lots 421 & 602). The iron castings of both grip testers were hand-dipped separately several times to achieve the deep rich look of marble they originally had.

While the Smith collection is unique in size and scope, its most special aspect is that it was played repeatedly over the years and not just looked at. There were cups of coins next to all the machines, even the rarest ones, so that everyone visiting the collection could get a feeling for what it was like to be in a Penny Arcade at the turn of the century.

While I am sad to see this arcade collection sold at auction, I will always have fond memories of my years spent restoring Dr. Smith’s collection. Probably my favorite machine is the Mills 1905 “Hats Off” Lung Tester—partly because of its rarity and whimsical folk art character, partly for its interesting mechanism and the entertainment it provides, and primarily because it was the first machine I restored for Dr. Smith eighteen years ago.

Gary Taplin, Restorer
Greenwich, Connecticut

The Smith Collection of Penny Arcade Machines and Related Memorabilia

LOTS 1 TO 310

1

□ 1
Painted Wood 'Mrs. Murphy's Chowder' Carnival Ball Toss Figure, American, circa 1918, hand-painted figure, striking her hair bun with ball causes her skirt to raise revealing her bloomers, original paint and clothes. *Height 67 in. (1.7 m.)*

This comes from an arcade at Coney Island.

\$2,500–3,000

□ 2
Two Framed Lithographed Advertising Posters for Prince Albert Tobacco, American, circa 1905, depicting American Indian braves in profile, one smoking a pipe, both framed and glazed. (2)) *Each 26 in. (66 cm.) x 20½ in. (52.1 cm.)*

\$500–700

3

□ 3
Hand Carved Wooden Carousel Figure of an Ostrich, circa 1900, finely carved plumage, on wooden base, unrestored. *Height excluding base 66 in. (1.68 m.)*

This comes from a carousel at Coney Island.

\$5,000–7,000

□ 4
H.V. Bright Ticket Chopper, American, circa 1910, in oak case with glass and brass ticket drop. *Height 50 in. (1.27 m.)*

\$500–700

5

□ 5
Painted Carved Wood Cigar Store Indian Display Figure, American, early 20th century, complete with headdress holding a rose in one hand and a box of cigars in the other, on stand. *Height 74 in. (1.88 m.)*

\$2,500–3,500

□ 6
Oliver Evans Cast Iron Round Top Safe, American, circa 1900, on wheels, with cast eagle on door which locks with large iron key. *Height 30 in. (76.2 cm.)*

\$700–900

7

- 7
Carved Painted Wood Figure of a Dancing Woman from Gavioli Band Organ, European, circa 1905, original paint, with well painted details. Height 40 in. (1.02 m.)
\$1,000–1,500

- 8
Carved Painted Wood Figure of a Dancing Woman from Gavioli Band Organ, European, circa 1905, decorative figure from an orchestriston, original paint. Height 40 in. (1.02 m.)

This is a companion piece to lot 7.
\$1,000–1,500

- 9
Two Rare Painted Wood Steeplechase Signs from Coney Island, American, circa 1920, one rectangular lettered 'Two Persons on a Horse' in red and blue on yellow ground; the other a double sided ribbon form shaped sign lettered 'Entrance to Horses' carved in relief and lettered in white on green ground. (2) Length of second 60 in. (1.52 m.)

These pieces are the only known examples.

\$300–400

- 10
Large Papier Mâché P. T. Barnum's Replica of 'The Cardiff Giant-One of History's Huge Hoaxes' from the Danbury Fair, circa 1940, the figure painted dark brown, in outer display with explanatory marquee above; together with two enlarged and framed newspaper reports of the 1869 'Discovery' of the Original Stone Giant. \$1,000–1,500

□ 784

Original Tatoo Drawings, six panels with drawings of nautical themes and jaguars. *Height 10 by 15 in.*

\$100–150

END OF SALE

GUIDE FOR ABSENTEE BIDDERS

ABSENTEE BIDS

If you are unable to attend an auction in person, and wish to place bids, you may give Sotheby's Bid Department instructions to bid on your behalf. Our representatives will then try to purchase the lot or lots of your choice for the lowest price possible, and never for more than the top amount you indicate. This service is free and confidential. Please note: Sotheby's offers this service as a convenience to clients who are unable to attend the sale, and although we will make every effort, Sotheby's will not be responsible for error or failure to execute bids.

PLACING ABSENTEE BIDS

To place bids, please use the absentee bid form provided in this catalogue. Be sure to accurately record the lot numbers and descriptions and the top price you are willing to pay for each lot. "Buy" or unlimited bids will not be accepted. Always indicate a "top limit" - the amount to which you would bid if you were attending the auction yourself.

Alternative bids should be indicated by using the word "OR" between lot numbers. Then if your bid on an early lot is successful, we will not continue to bid on other lots for you. Or, if your early bids are unsuccessful, we will continue to execute bids for alternative lots until a bid is successful. Bids must always be placed in the same order as the lot numbers appear in the catalogue.

Each absentee bid form should contain bids for one sale only; the number and code name should appear in the top right hand corner of the form. Please place your bids as early as possible. In the event of identical bids, the earliest received will take precedence.

TELEPHONE BIDS

Bids may be placed by telephone, but are accepted only at Sotheby's discretion and at the caller's risk. Telephone bids should always be confirmed by letter or telegram.

BUYER'S PREMIUM

The "top limit" you indicate on your bid form is for the hammer price exclusively. Please keep in mind that a buyer's premium will be added to the successful bid price of each lot you buy and is payable by you together with the applicable sales tax which is applied to the total cost of your purchase. (The total cost includes the buyer's premium). The buyer's premium will be the amount stated in paragraph 3 in the Conditions of Sale in the front of this catalogue.

SUCCESSFUL BIDS

Successful bidders will be notified and invoiced within a few days of the sale. All bidders will receive a list of sale results if they purchased the sale catalogue or enclose a stamped self-addressed envelope with their absentee bid form.

FOR MORE INFORMATION

To place telephone bids, or for further information, please call Roberta Louckx at (212) 606-7414, or the regional office in your area.

GUIDE FOR SHIPMENT OF PURCHASES

SHIPPING/FORWARDING INSTRUCTIONS

If your bid is successful, we can arrange to have your property shipped to you. As shipping costs can be expensive, we suggest that you request a quotation from our Art Transport Department at (212) 606-7511. If an estimate of shipping costs is not requested prior to shipment, we will act according to the instructions you provide. All shipments will be C.O.D.

The packing and shipping of items by Sotheby's employees is undertaken solely at our discretion. Furniture, larger items and high-valued property may require the services of professional packers.

Upon receipt of payment, Sotheby's will instruct packers and carriers. Your attention is drawn to the Conditions of Sale which require payment and clearance promptly after the sale. In default of these conditions, lots may be transferred to a public warehouse at the risk and expense of the

purchaser. As stated in the Conditions of Sale, we are not responsible for the acts or omissions of carriers or packers, whether or not recommended by us. Packing and handling of purchased lots by us is at the entire risk of the purchaser.

Please allow 4 - 6 weeks for delivery.

METHODS OF TRANSPORT

Air Freight - Not to be confused with air mail, this method employs air freight carriers to ship property that has already been packed.

Registered Parcel Post - Parcels which do not exceed the size and weight limits set by the United States Postal Service may be sent by this method. In case of international shipments, it is not always possible to insure parcels for their full value. Please consult the Art Transport Department for details.

Truck - This method is recommended for large shipments and the transport of any item of furniture. There are also "shuttle services" which can transport uncrated paintings and works of art to specific areas in the United States. The Art Transport Department can supply complete details.

Book Post - This is a less expensive, but slower, method of shipping books via the United Postal Service. Parcels shipped in this manner can be insured only for a maximum of \$400.

FOR MORE INFORMATION

To receive an estimate of shipping costs, or for further information, please call Leslie Bryre Kirkman at (212) 606-7511, or the regional office in your area.

SALE TITLE **The Smith Collection of Penny Arcade Machines and Related Memorabilia**

DATE **Friday and Saturday, September 16 and 17, 1994**

GUIDE FOR PROSPECTIVE BUYERS

The following will help explain some of the words and symbols commonly used throughout this catalogue. All bidders should read the Conditions of Sale and Terms of Guarantee in this catalogue, as well as any Glossary or other notices. By bidding at auction, bidders are bound by those Conditions of Sale and Terms of Guarantee, as amended by any oral announcement or posted notices, which together form the contract of sale between the successful bidder (purchaser), Sotheby's and the seller (consignor) of the lot. If you have any questions concerning the information below or any other auction practices, please contact Roberta Louckx at 606-7414.

ESTIMATES

Each lot in the catalogue is given a low and high estimate. The estimates are guides for prospective bidders and, where possible, reflect prices that similar objects have sold for in the past. The estimates are determined several months before a sale and are therefore subject to revision to reflect current market conditions. Estimates should not be relied upon as a representation or prediction of actual selling prices. If you have any questions concerning a lot, please contact the specialist in charge of the sale whose name is printed in the front of this catalogue.

SPECIALIST ADVICE; EXHIBITIONS

Prospective bidders may be interested in specific information which is not included in the catalogue description of a lot. Do not hesitate to contact Sotheby's specialist in charge listed in the front of the catalogue, or Sotheby's Client Services Department, for additional information. A few days prior to every sale, there will be an exhibition of the property to be offered. Specialists will be available at the exhibition to answer questions about the property or to provide any other assistance with the auction process. The dates and times of the exhibition are printed in the front of this catalogue.

BIDDING

In order to bid at an auction, you must register for a paddle when entering the salesroom. If you are the successful bidder on a lot, the auctioneer will acknowledge your paddle number. Unless you have previously qualified to bid at Sotheby's, please be prepared to provide requested information to a Sotheby's representative.

Bidding will be in accordance with the lot numbers listed in the catalogue or as announced by the auctioneer, and will be in increments determined by the auctioneer. There are three ways in which you may bid at auction. You may bid in person by attending the auction, submit an Absentee Bid Form, or in certain circumstances, by telephone. If you are unable to attend the sale, please see the Absentee Bid Form and Guide for Absentee Bidders which contains additional information on absentee bidding.

Unless otherwise noted in the catalogue or by an announcement at the auction, Sotheby's acts as agent on behalf of the seller and does not permit the seller to bid on his or her own

property. It is important for all bidders to know that the auctioneer may open the bidding on any lot by placing a bid on behalf of the seller and may continue bidding for the seller by placing responsive or consecutive bids, but only up to the reserve (see the next paragraph below for information regarding reserves). The auctioneer will not place consecutive bids on behalf of the seller above the reserve.

RESERVES

All property designated by a box (□) is offered subject to a reserve. A reserve is the confidential minimum price established between Sotheby's and the seller. The reserve is generally set at a percentage of the low estimate and will not exceed the low estimate of the lot.

CURRENCY CONVERSION BOARD

For your convenience, in many sales Sotheby's operates a display board which converts United States dollars into various foreign currencies. All foreign currency amounts displayed are approximations based on recent exchange rate information and may not be relied upon as a precise invoice amount. Sotheby's assumes no responsibility for any error or omission in foreign or United States currency amounts shown.

HAMMER PRICE (OR SUCCESSFUL BID PRICE) AND THE BUYER'S PREMIUM

For lots which are sold, the last price for a lot as announced by the auctioneer is the hammer, or successful bid price. A buyer's premium will be added to the successful bid price and is payable by the purchaser as part of the total purchase price. The buyer's premium will be the amount stated in Paragraph 3 of the Conditions of Sale in the front of this catalogue.

PAYMENT FOR PURCHASED PROPERTY

If you are the successful bidder on a lot, payment is to be made immediately following a sale. You will not be permitted to take delivery of your purchases until payment is made, unless a credit arrangement has been established. Please contact the specialist in charge of the sale, or Arlene Kick at (212) 606-7491, for information on a specific lot.

Payment for a lot may be made in cash, by check, coin transfer or on American Express, Visa or MasterCard, all in United States dollars, subject to the following conditions.

Payment by Charge or Credit Card

If you wish to pay for any purchase with your American Express Card, MasterCard or Visa, you must present the card **in person** to Sotheby's at the auction, or within five days of the auction. If you do not plan to attend the auction, you must, in advance of the auction, present the card in person and complete an Advance Form (available at the Purchaser Accounting Desk). If your bid is successful, within five days of the auction you will need to sign and return to Sotheby's a confirming bill of sale (which will be provided to you by Sotheby's). All charges are subject to acceptance by Sotheby's and by American Express, MasterCard or Visa, as the case may be. In the case a charge is not approved, you will nevertheless be liable to Sotheby's for all sums incurred by you.

Payment by check

If you wish to pay by check, please see our cashier and fill out a Check Acceptance Account form. Until approved, you will not be permitted to remove purchases paid for by check until the check has cleared. Check Acceptance privileges are reviewed from time to time by Sotheby's, and may be granted or withdrawn in Sotheby's sole discretion. Checks drawn on foreign banks may not be accepted for values under \$500, and credit card purchases may not exceed \$25,000. There will be a collection charge minimum of \$100 on checks drawn on foreign banks located outside of the continental United States.

SALES TAX

New York sales tax is charged on the successful bid price, buyer's premium and any other applicable charges on any property picked up or delivered in New York State, regardless of the state or country in which the purchaser resides or does business, unless Sotheby's has been given, in advance of the release of the property, a valid exemption from taxes by the State of New York. Sotheby's will also collect taxes on purchases shipped to California, Connecticut, Florida, Illinois, Massachusetts, Minnesota, New Jersey, Pennsylvania and Washington, D.C. If you have any questions concerning this, please contact our Customer Billing Department at (212) 606-7464.

REMOVAL OF PROPERTY; PACKING AND SHIPPING

Unless otherwise agreed by Sotheby's, all purchases should be removed by the 10th day following a sale. Purchases which are not removed by the 10th day will be subject to a handling charge as outlined in paragraph 8 of the Conditions of Sale.

As a courtesy to purchasers who come to Sotheby's to pick up property, Sotheby's will assist in the packing of lots, although Sotheby's may, in the case of fragile articles, choose not to pack or otherwise handle a purchase. Sotheby's will not be responsible or liable for damage to glass covering paintings, drawings or other works, or damage to frames, regardless of the cause.

Sotheby's Art Transport Department and the staff at Sotheby's regional offices may be able to assist you in making arrangements for delivery and insuring of purchases. The purchaser will be responsible for shipping and insurance expenses. Sotheby's will also, upon request, provide names of professional packers and shippers known to the Art Transport Department, although Sotheby's shall have no liability or responsibility for providing this information. If you have any questions or wish further information, please contact the Art Transport Department at (212) 606-7511.

EXPORT PERMITS

Certain property sold at auction may be subject to the provisions of the Endangered Species Act of 1973, the Marine Mammal Protection Act of 1972, the Migratory Bird Act of 1982 and the New York State Environmental Conservation Law. Although licenses can be obtained to export some items which are the

subject of these laws, other items may not be exported (such as items containing whale bone), and some property may not be resold in the United States. Upon request, Sotheby's is willing to assist a purchaser in attempting to obtain appropriate licenses. However, there is no assurance that an export license can be obtained. Sotheby's will charge a minimum fee of \$150 per item if it is able to obtain an export license. Please check with the specialist department or with the Art Transport Department if you are uncertain as to whether an item is affected by the above laws or other related laws which restrict exportation. The sale of a purchased lot will not be cancelled if Sotheby's, or a purchaser, is not able to obtain an export permit.

PROPERTY OWNED BY SOTHEBY'S

In the event Sotheby's is the sole owner of any lot in an auction, Sotheby's ownership will be designated either by a symbol, or in a manner such as the following: "Property of Sotheby's", or "Property from the Estate of Mrs. Smith, sold by the present owner, Sotheby's."

Where Sotheby's has an equity interest in property other than sole ownership, that interest will be designated by the symbol, △.

As an example:

△ Pierre-Auguste Renoir
□ 22 Femme au Corsage Bleu

GUARANTEED PROPERTY

Guaranteed Property is property in which Sotheby's has assured the seller a minimum price from one auction, or a series of auctions. Guaranteed property will be designated in the catalogue by the symbol, ○. Where every lot in a catalogue is guaranteed, Sotheby's will not designate each lot with the symbol, ○, but will state in boldface type on the Conditions of Sale page that every lot in the sale is subject to a guaranteed minimum price.

APPRAISALS

Sotheby's Appraisal Company can prepare appraisals for insurance, estate tax, charitable contributions, family division or other purposes.

Appraisal fees vary according to the nature and amount of work to be undertaken, but will always be highly competitive. Flat rates can be quoted based on specialist time required, value and processing costs. Travel expenses are additional.

We shall be pleased to refund the appraisal fee pro rata if the appraised property is consigned to us for sale within one year after the appraisal is completed. For further information please call (212) 606-7440.

If you have property you wish to sell at auction, please call the appropriate specialist department to arrange for a consultation. (A list of specialist departments appears in the front of this catalogue.) If you are unsure which department would handle your property, or if you have a variety of objects to sell, please call one of our general representatives:

Fine Arts Representative
Thomas Denzler, (212) 606-7120

Decorative Arts Representative
Timothy Hamilton, (212) 606-7100

INSPECTION OF PROPERTY

You may bring your property, or photographs if it is not portable, directly to our galleries where our specialists will give you auction estimates and advice. There is no charge for this service, but we request that you telephone ahead for an appointment. Inspection hours are 9:30 am to 5 pm, Monday through Friday.

Our specialists will provide a free preliminary auction estimate, subject to a final auction estimate after first-hand inspection, if you send a clear photograph of each item, or a representative group of photographs if you have a large collection. Please be sure to include the dimensions, artist's signature or maker's mark, medium, physical condition, and any other relevant information.

Evaluations of property can also be made at your home. The fees for such visits are based on the scope and diversity of the collection. Travel expenses are additional. These fees may be rebated if you consign your property for sale at Sotheby's.

FINANCIAL SERVICES

Sotheby's offers a wide range of financial services. These financial services include advances on consignments and loans secured by art collections which are not intended for sale. It is Sotheby's general policy, subject to exceptions, to lend no more than 40% of the total of its low estimates for such property. It is also Sotheby's general policy, subject to exceptions, that the minimum loan for consignor advances is \$50,000, and the minimum loan for secured loans is \$1,000,000. For further information regarding qualifications, conditions, and terms, please call Mitchell Zuckerman at (212) 606-7077.

Specialists from our Beverly Hills office are available for inspection visits in the western United States. For more information please call (310) 274-0340.

STANDARD COMMISSION RATES

Sellers are charged 10% of the successful bid price for each lot sold for \$7,500 or more. A commission of 15% is charged for each lot sold for \$2,000 or more but less than \$7,500, and 20% for each lot sold for less than \$2,000. There is a minimum handling charge of \$100 for any lot sold. If your property fails to reach the reserve price and remains unsold, you pay a reduced commission rate of 5% of the reserve figure. The minimum handling charge for any object that does not sell is \$75. (For more information about reserves, please refer to "Reserves" in "Guide to Prospective Buyers.")

SHIPPING ARRANGEMENTS

Sotheby's Art Transport Department and the staff at any of our regional offices can assist you in making arrangements to have your property delivered to our galleries. This service is free, but actual packing, shipping and insurance charges are payable by our clients. (While we may recommend packers and shippers, we are not responsible for their acts or omissions.) For further information, please call Leslie Kirkman at (212) 606-7511.

CATALOGUES, PRICE LISTS AND NEWSLETTER

Illustrated catalogues, prepared by Sotheby's specialists, are published for all regularly scheduled auctions and may be purchased singly or by annual subscription. (Catalogue subscribers automatically receive *Sotheby's Newsletter* at no additional charge.)

Printed lists of the prices realized at each auction are available at our galleries approximately three weeks following the auction, and are sent directly to catalogue purchasers and subscribers.

Sotheby's Newsletter, published seven times a year, provides an advance calendar of all Sotheby's sales worldwide and full-color photographs of auction highlights. A complimentary copy is available upon request. Annual subscriptions are \$25 (\$35 overseas).

For more information, or to subscribe to our catalogues or *Newsletter*, ask for our brochure. Write or call Sotheby's Subscription Department, P.O. Box 5111, Norwalk, CT 06856. Telephone: 1-800-444-3709.
